

LaPorte County Fair's Curious Kids Tractor Trail

How it Works:

- Each participant will receive a list of items they will need to collect as they travel around the Tractor Trail.
- They will drive to and stop at each of the areas and complete an activity (i.e. pick an apple, feed the chicken, collect milk, etc.)
- Once they have finished the activity and collected their item, they will place it in their basket and continue the trail.
- At the end of the trail, they will turn in their basket of items and receive a prize at the end.

Objective of the Tractor Trail: The tractor trail is to teach the children of the community about different types of agriculture and different producers that can be found right in their community with an hands on approach.

Curious Kids Tractor Trail Partnership Opportunities:
